Priya Nair
priya.nair@example.com

Summary
Data scientist with a strong foundation in statistics and machine learning, looking to grow into ML engineering.

Experience
Data Scientist, Fabrikam Health Aug 2023 - Present
- Built patient no-show prediction models with scikit-learn and XGBoost, reducing missed appointments by 9%
- Performed exploratory data analysis in Python with Pandas and NumPy on 2 million records
- Created data visualization dashboards in Tableau for clinical operations teams
- Presented findings to non-technical stakeholders every sprint

Data Science Intern, Litware Labs Jan 2023 - Jul 2023
- Ran A/B testing analysis and hypothesis testing for product experiments
- Wrote SQL queries against PostgreSQL to build reporting tables

Projects
Sentiment analysis of product reviews using NLP and TensorFlow (Keras), deployed as a Streamlit demo
Kaggle competition: top 10% in a time series forecasting challenge

Skills
Python, R, SQL, scikit-learn, TensorFlow, Pandas, NumPy, Matplotlib, Seaborn, Tableau, Jupyter, Git, Statistics

Education
Bachelor of Science in Statistics, Lakeside University, 2022
